

Skyview Marching Band Uniform Contract

Skyview High School is fortunate to have one of the nicest Marching Band uniforms in the area. This uniform is being **loaned** to the student in the program from September through June. It is the responsibility of each band member, and parents, to properly take care of this school property. They are very expensive and need to be maintained to look their best at band competitions, performances, football games and parades. Without this care they will not last for future school years. This care includes:

Having the jacket and pants **dry-cleaned** after performances or as needed

Never putting the uniform away **damp or wet**

Making sure all parts of the uniform are clean for **EVERY** performance

Properly **hemming the pants** with white thread as necessary

Please read the entire contents of the **Care Packet** posted online at svbd.org, sign this page and return it with your registration forms. This is our contract that you will care for your band uniform with pride and responsibility and return everything issued to the band member. Do not hesitate to contact the Uniform Parent volunteers with any questions, concerns, or help with your uniform. Thank you.

Linda Hilberg (360) 574-2297 or lnhilberg@aol.com

We have read the instruction packet in its entirety and pledge to keep the band uniform cleaned, dry, hemmed, and properly stored for the school year. It will be returned undamaged and including all parts issued after the last performance or when the student leaves the band program.
